GaN charger LDNIO A3511Q, 2x USB + USB-C, 65W (white)

Ref: 6933138692028

GaN charger LDNIO A3511Q, 2x USB + USB-C, 65W (white)

GaN charger LDNIO A3511Q

Looking for a compact charger that supports fast charging? LDNIO A3511Q will be an excellent choice! The product uses GaN technology, and its power reaches up to 65W. What's more, it is equipped with 3 ports (USB-C and 2 USB), so you can power up to 3 devices simultaneously. The charger is also distinguished by its wide compatibility and ensures safe use. It also supports various fast charging protocols.

Even faster charging

The charger supports advanced GaN technology, which means it enables fast charging despite its small size. Its maximum power is 65W. However, this is not the end of the facilities! The product supports many fast charging protocols such as QC4+, PD3.0, BC1.2, PPS, AFC, FCP and SCP, for example. What's more, the charger intelligently detects the devices connected to it and automatically adjusts its operation to restore their power in the shortest possible time.

Charge up to 3 devices simultaneously

No more waiting for one device to be charged before you plug in the next one. With the LDNIO A3511Q charger you have 3 ports at your disposal - USB-C and 2 USB. So you can conveniently charge up to 3 devices at the same time! At the same time, the product features wide compatibility. It allows you to seamlessly power smartphones, tablets or laptops from well-known brands such as Apple, Xiaomi and

Samsung, for example.

Refined in every detail
This practical charger is lightweight and compact enough that you can always have it at hand - at home, at work or on vacation. Durable, fire-resistant PC plastic is used for its construction. The product also ensures the safety of use - it is protected against short circuit, overvoltage, overcharging and overheating, among other things. What's more, the charger plug is detachable - so you can replace it if necessary.
