Smart Wi-Fi power strip LDNIO SEW3452, Tuya (white)

LDNIO SEW3452 smart Wi-Fi power strip

The LDNIO SEW3452 Smart Wi-Fi Power Strip is equipped with 3 outlets and 4 USB ports, which stand out for their wide compatibility and will conveniently charge the devices you need. The product allows you to conveniently manage the operation of electrical devices in your home and facilitates daily functioning. Compatibility with PD3.0 and QC3.0 protocols means that you can quickly renew the energy of smartphones and tablets. In addition, it is possible to operate remotely using the Tuya Smart app.

Convenient charging

In addition to 3 European AC outlets, the smart strip has 4 additional USB ports, allowing you to charge the devices you need without using an outlet and using a charger. This is a practical solution that gives you a lot of possibilities and makes it easier to manage the equipment in your home. Importantly, the selected ports are PD3.0 and QC3.0 compliant, so you can quickly renew power with 30W and 18W respectively.

Remote operation

Want to gain maximum convenience when managing your equipment? The LDNIO SEW3452 smart Wi-Fi power strip will help you do just that. It allows you to control it remotely using the Tuya Smart app, which will allow you to set the start and end time of the selected appliance. You can also schedule a reminder so you won't forget to unplug the selected equipment.

Thoughtful design

The LDNIO SEW3452 is made of high-quality PC material, which stands out for its robust, fire-resistant construction and ensures safe use. The power strip also has a practical on/off button, and the thick 2-meter cable guarantees comfort and is resistant to bending.
