Mini Flashlight Nextool NE20163, 150lm

Ref: 6973907630981

Nextool mini flashlight NE20163

Equip yourself with a handy flashlight from Nextool, which will provide you with stable lighting no matter where you are. The NE20163 weighs just 125 g and is 120 mm long. The flashlight offers two modes of operation (low and high) and effectively illuminates a space at a distance of up to 120 meters. It is also drop-proof from a height of one meter, and the 1200 mAh battery provides up to 15 h of operation in low mode.

Always with you

Thanks to its small dimensions (120.7 x Ø27.6 mm) and weight of about 125 g, the flashlight easily fits into a purse or backpack, so you can take it with you on a bike ride, under a tent or on an evening walk. The range of the flashlight is 120 m, in addition, the product is resistant to a fall from a height of 1 m. What's more, you can adjust the light beam and adjust it to your needs.

Stable illumination

The Nextool NE20163 flashlight uses a high-quality LED lamp and guarantees even, stable illumination. The device offers two modes of operation, which are distinguished by a brightness of 15 lm (low) and 150 lm (high), and convenient switching between them is provided by a practical button. The flashlight is made of high-quality 6061-T6 aluminum alloy, making it pleasant to the touch, but also resistant to wear and mechanical damage.

Convenient charging

The mini flashlight is equipped with a USB-C port, so you can conveniently and safely renew its energy - just 3 hours and the NE20163 will be ready for use again. The flashlight is powered by a 1,200 mAh 18650 battery, which guarantees 15 h of operation in low mode and 3 h of operation in high mode.
