TWS BlitzWolf BW-FYE13 earbuds (black)

Ref: 5907489609210

BlitzWolf TWS BlitzWolf BW-FYE13 in-ear headphones (black)

Bet on high quality sound with BlitzWolf. BW-FYE13 successfully combine high quality sound and modern design. The headphones are equipped with dynamic 6.1mm drivers. In addition, they are extremely durable and IPX5 waterproof. The headphones use noise cancellation, which means you can use them even in extremely noisy environments.

Exceptional sound quality

The 6.1mm dynamic drivers deliver crystal clear, richly detailed sound. This means you can not only discover previously unknown details of your favorite songs, but also pick up the immerse when you play games. Plus, they benefit from CVC noise cancellation, so you can use them even in extremely noisy places.

Unique design

The headphones are designed to provide you with maximum comfort. They lie perfectly in your ears and won't fall out even during an extremely intense workout. In addition, they use TWS technology, so you don't have to worry about an annoying cable.

No lag

With BlitzWolf, nothing will stand in the way of your victory! The BW-FYE13 headphones are equipped with an advanced chip and support

Bluetooth 5.2 technology, so they can provide a fast and stable wireless connection with low latency.

#### Waterproof

The headphones are IPX5 waterproof. Which allows you to take the BW-FYE13 with you to the gym or a walk in the rain - a few drops of water are not afraid of them!

#### Long working time

Don't worry that the headphones will discharge too quickly and thus spoil your gameplay. BW-FYE13 are equipped with heavy-duty rechargeable batteries that provide surprisingly long runtime. In standby mode they can last for up to 240 hours! What's more, charging the headphones with the included case won't take long - about 1-2 hours is enough.

#### Touch panel

The headphones use a touch panel, which greatly improves their operation. With its help, you can stop/resume the song you are playing, change the song, adjust the volume and even answer voice calls.
