Powerbank Baseus Bipow 20000mAh, 2xUSB, USB-C, 15W (black)

The Baseus Bipow powerbank will allow you to charge several devices at the same time - no need to limit yourself any longer! The complex protection system effectively prevents any damage, so the use of the powerbank is completely safe. The built-in LED screen makes it easy to operate the product, and its compact size, light weight and compliance with international air transport standards allow you to take it with you almost anywhere.

#### Fast charging

The powerbank supports several fast charging protocols. It is compatible with FCP, QC and AFC, among others. It is therefore perfect for powering Huawei, Xiaomi or Samsung smartphones. It also allows, for example, fast charging of an iPhone, tablet, headphones or Switch. So your devices can be ready for use again in no time. And what about the powerbank itself? It only takes 8.5 hours to fully charge it at 15W.

#### No need to limit yourself

The device is equipped with several ports, so you can connect up to 3 devices to it at the same time! The product offers 2 USB 15W output ports, 1 micro USB 10W input port and a USB-C 15W input/output port. What does this mean in practice? With the powerbank, for example, you can power your tablet and 2 smartphones at the same time - no more waiting for the first device to be charged before

connecting the next one!

#### Safety of use

The high-quality polymer-ion battery guarantees not only fast, but also safe charging. Baseus offers protection against overvoltage, overcurrent, overcharging and short circuit, among others. The powerbank is also equipped with NTC temperature sensors to prevent overheating. The product intelligently detects connected devices and adjusts the charging current to them, protecting them from damage. In addition, BPS technology makes the device automatically adjust voltage, electric current and power.

#### Designed for your convenience

The powerbank's casing features a pleasant-to-touch texture that is resistant to sweat and fingerprints, so the device will always look neat. The product is equipped with an easy-to-read LED screen, which displays the current battery level in real time. You no longer have to wonder when to plug in the powerbank for charging!

#### A dream travel companion

Make yourself a reliable power source that can accompany you almost anywhere. Baseus powerbank is lightweight and handy - its transportation will not cause you any problem. You can even bring this practical device on board a plane - it meets all the necessary requirements. Baseus gives you the opportunity to conveniently charge your devices wherever you need.

#### Multiple uses

The powerbank doesn't have to be used only for charging your phone! The Baseus-branded device is suitable for many different applications. Are you anxious for a bit of cooling on a hot summer day? Plug in your portable fan and enjoy a pleasant breeze! There's been a power outage, your laptop is about to discharge, and you need to finish an important project? Powerbank comes to the rescue! Its long working time and portable design are sure to meet your expectations.
