Deerma VC03S wireless vacuum cleaner

Find out that cleaning can be simple and comfortable. The Deerma VC03S cordless upright vacuum cleaner weighs only about 1 kg and is extremely convenient to use. It is equipped with a powerful 120 W motor and its suction power reaches 15,000 Pa. You can easily convert it into a convenient handheld vacuum cleaner. It stands out for its working time of up to 18 minutes, and its hassle-free charging is made possible by the included USB-C cable. You'll also find an additional 2-in-1 crevice brush in the package.

Reliable filtration system

Say goodbye to dust and other debris. The vacuum cleaner is equipped with a specially designed filtration system, so it effectively traps even the finest particles. In addition, the solution used makes the device stably maintain optimal suction power. Dust, crumbs and even hair - the VC03S model will perfectly cope with most dirt.

Universal floor brush

The vacuum cleaner is equipped with a universal floor brush, which is ideal for different surfaces such as panels, tiles and carpets. It is also distinguished by an extremely thin design - its thickness is only 4cm. Thanks to this you will also vacuum the space under furniture without any problems.

Vacuum the way you want

The Deerma VC03S vacuum cleaner is perfect for a variety of situations. You can easily change it from an upright vacuum cleaner to a handheld one and conveniently remove dust from any place. A small handheld vacuum cleaner will allow you to precisely clean, for example, curtains or upper shelves. Say goodbye to limitations!

Long working time

Clean selected rooms without taking breaks to charge the vacuum cleaner. The VC03S is equipped with a 4,000mAh battery that provides up to 18 minutes of running time on a single charge. An advanced BMS system is responsible for its reliable, efficient operation. In addition, thanks to its cordless design, you can easily move the device between rooms and even bring it to your car to vacuum the seats and rugs.

Simplified charging

Say goodbye to excess cords and power supplies. The VC03S vacuum cleaner is equipped with a USB-C port, so you can charge it with a USB-C cable (included) and any AC charger, car charger, powerbank, or even your computer. Charging time is about 7 hours, depending on the adapter used.

Extra brush included

Make it easy to vacuum hard-to-reach corners and make every corner of your home sparkle clean. In the set you will find an additional 2-in-1 crevice brush, with which you can easily clean the surfaces of furniture or remove dust from narrow places. Now you can easily clean the spaces between cabinets or the recesses in chairs!

Carefully considered design

The VC03S vacuum cleaner was designed with the utmost attention to detail. It stands out for its elegant, minimalist design, which was recognized with the Red Dot Design Award. It will not take up too much space in your home, and thanks to a special bracket, its storage will not cause you any problem. It is also equipped with a detachable dust container, which is very easy to empty and clean. You can wash it under running water without any worries, as well as the stainless steel filter.

Surprisingly lightweight

Now you can easily vacuum your curtains or pick up cobwebs from the ceiling. The VC03S vacuum cleaner is surprisingly lightweight - it weighs only about 1kg. Thanks to this, lifting it or moving it between rooms will not cause you any problem! The device is also distinguished by its ergonomic design, which translates into greater comfort of use.
