

Car Dashboard Holder Joyroom JR-ZS240 with Qi Induction Char

Ref: 6941237188212

Car Dashboard Holder Joyroom JR-ZS240 with Qi Induction Char

Joyroom JR-ZS240 car dashboard mount with Qi inductive charger (black).

Designed for the iPhone 12 and 13 series, the mount offers wireless charging, and thanks to its strong magnets, it provides stability. It is not intimidated by bumpy roads, sharp turns or slowing thresholds. It allows you to adjust the position of your smartphone - for comfortable navigation. In addition, thanks to its thoughtful design, it will not block visibility.

Dedicated iPhone 12 and 13 series

Joyroom JR-ZS240 fits all Apple-branded smartphones in the 12 and 13 series, and is also compatible with MagSafe cases or other models that have built-in magnets and are less than 1 mm thick. What's more, the holder uses intelligent temperature management to enable fast and safe charging. Note: fast charging requires an 18W QC adapter (not included).

Stability

The mount is equipped with 12 magnets, which are responsible for the stability and security of your smartphone. This means that it is capable of holding up to 10 smartphones. In addition, it does not affect the performance of the device. However, when traveling on a bumpy road, it is recommended to remove the non-original MagSafe case.

Thoughtful design

The product offers 360° adjustability, so you can adjust the position of your smartphone to suit your needs. It is resistant to low and high temperatures, and you won't have any problems installing it. What's more, the product has passed numerous tests and is FCC, CE and RoHS certified to guarantee your safety in use.
