

Magnetic car holder Joyroom JR-ZS291 with inductive charger

Ref: 6941237197160

Magnetic car holder Joyroom JR-ZS291 with inductive charger

Joyroom JR-ZS291 magnetic car holder with inductive charger (black)

Keep yourself comfortable while traveling and renew your phone's power no matter where you are. The Joyroom JR-ZS291 magnetic car mount with induction charger that supports 15W fast charging will help you do that. All you have to do is mount it on the air vents, and you will gain unparalleled comfort and the ability to operate your phone with one hand. The induction charger function is also a highlight of the product.

Convenient operation

Do you want to use navigation while traveling and enjoy maximum safety while driving? Opt for the Joyroom JR-ZS291 holder, which automatically locks the position of your phone and ensures its stable position regardless of the circumstances. What's more, you can adjust the position of the holder to your needs and position your phone both vertically and horizontally.

Fast power restoration

The product not only guarantees a stable position for your phone while you're on the go, but it also allows for 15W fast wireless charging. This allows you to charge your iPhone in a short period of time without fear of dropping or damaging it. The holder is equipped with neodymium magnets, which guarantee strong attraction and safety of the charged device.
