USB Cable for Lightning Joyroom Sharp S-M411 2.4A, 3m (Black)

USB to Lightning Joyroom Sharp S-M411 2.4A, 3m cable

Now you can charge your devices even more conveniently. The USB to Lightning Joyroom Sharp S-M411 cable provides a current of up to 2.4A and stands out for its high durability. It is also equipped with a small light indicator that makes it easy to use. At the same time, it is resistant to damage and wear.

Fast charging

With the cable you can easily charge devices equipped with a Lightning port - for example, your iPhone or an older iPad. You also don't have to wait too long until your equipment is ready to work again. The amperage of up to 2.4A ensures high charging performance and efficiency.

Built-in light indicator

The cable is equipped with a practical light indicator. This allows you to easily locate it after dark. You no longer need to turn on the light to disconnect your smartphone from the charger - the S-M411 will make this task easier!

Thoughtful design

Let yourself be surprised by the durability and strength of the S-M411 cable. The product is extremely resistant to damage and wear.

High-quality materials such as zinc alloy were used for its construction, and it was also equipped with a nylon braid. Thanks to this, the cable will serve you perfectly for a long time.
