

## Bicycle code lock Rockbros T609 (black)

Bicycle code lock Rockbros T609 (black)

Ref: 5905316140257

### Rockbros T609 combination bicycle lock (black)

Secure your bike from theft. The Rockbros T609 combination lock will help you do that! The product is equipped with a solid lock made of zinc alloy and a steel rope covered with PVC plastic. You can stretch it to a length of up to 150cm! What's more, the clasp is extremely lightweight and handy, as well as durable. It is also possible to attach a helmet to it.

### Solid construction

Take care of your bike's safety. The Rockbros fastener is made of high-quality materials, so it can provide reliable protection. The steel rope is resistant to damage, and it has also been coated with PVC plastic, which protects the bike frame from scratches. What's more, the lock, made of zinc alloy, is extremely sturdy and not prone to wear and tear.

### Lightweight, handy, versatile

The accessory is incredibly lightweight and handy. It weighs only 124g and easily fits into a backpack, frame bag or kidney. Its transportation will not cause you any problems! The clasp is also very easy to use. In addition, its rope extends up to 150cm, so you get more freedom. You can also attach a helmet to it, for example, during a stop.
