

### USB to Lightning cable Choetech IP0026, MFi, 1.2m (black)

USB to Lightning cable Choetech IP0026, MFi, 1.2m (black)

Ref: 6971824971736

#### Choetech IP0026 USB to Lightning cable

Get the ability to quickly charge your iPhone. The Choetech IP0026 cable provides up to 2.4A and features wide compatibility. It also allows you to transfer files at speeds of up to 480Mbps. The product has also received MFi certification, which means that it allows not only fast, but also safe charging of Apple devices. At the same time, the cable is extremely durable and resistant to wear and tear.

#### Fast charging, fast data transfer

This practical cable is perfect for a variety of applications. It allows you to quickly charge your Apple devices with up to 2.4A. You no longer have to wait too long until your iPhone is ready to work again! The product also allows you to transfer files instantly. It provides transmission speeds of up to 480Mbps - now you only need a few moments to copy the photos or documents you need!

#### Wide compatibility

The cable is distinguished by its compatibility with most Apple devices equipped with a Lightning port. With its help you can easily charge, for example, an iPhone Xs, 8, 8 Plus, 7 or 6s Plus. It will also work well with various iPad models. In addition, the MFi certification guarantees charging performance and safety.

#### Rugged design

Don't be afraid of having to replace the cable with a new one too soon. The IP0026 model will surprise you with its durability! The product is equipped with a durable TPE plastic coating that protects it from damage. It is not even intimidated by bending or pulling! What's more, the high-quality cable ensures reliable, high-speed transmission.
