Techwood TTS-77 electric hair clipper

Get convenient hair clipping in the comfort of your home. The Techwood TTS-77 electric clipper stands out with 3W of power and a run time of up to 25 minutes. The set also includes 2 comb attachments, with which you can adjust the length of cut from 3-12mm. The package also includes scissors and a hair comb. Now you can feel like you're in a hair salon in your own home!

Long-lasting battery

The hair clipper features a cordless design, so you can enjoy greater freedom of movement. It is equipped with a long-lasting 600mAh battery, which provides a run time of up to 25 minutes. That's enough to give yourself or someone close to you the perfect haircut! Charging the device with the included mains adapter will take around 8 hours. The razor also has a special LED indicator that will provide you with information about the battery status.

Fast and accurate clipping

The device is equipped with high-quality stainless steel blades. As a result, it enables you to cut quickly and effectively without causing irritation. You can also adjust the cutting length to suit your needs - the included comb attachments (3-6mm, 9-12mm) allow you to do so. All this makes it easy to trim, even out and style your hair with the razor.

Useful accessories included

The set includes not only the attachments, razor and power supply, but also several practical accessories. Hairdressing scissors and comb will make styling your hair easier, while blade oil and a small brush will allow you to effectively clean and maintain your device. This will keep them in great condition for longer! In the package you will also find a practical stand for storing the razor and accessories.

Designed for your convenience

Find out that cutting your own hair doesn't have to be difficult. The Techwood hair clippers are easy to use and, thanks to their ergonomic design, comfortable to use. It sits perfectly in your hand - forget about discomfort. The device is also very light and relatively small, which makes it much easier to transport if necessary.
