

Waterproof mask with light therapy ANLAN 01-AGZM21-04E

Ref: 6953156301344

Waterproof mask with light therapy ANLAN 01-AGZM21-04E

ANLAN 01-AGZM21-04E waterproof mask with light therapy

Think skin care is cumbersome? With ANLAN's waterproof mask, that's about to change! You can easily choose the right light therapy for your skin from as many as 5 types. Effortlessly and efficiently combat acne, wrinkles, skin discoloration, or problems with elasticity and dryness. You will also independently choose the temperature (38°C / 40°C / 42° C) and set a smart timer. The product features IPX7 water resistance, so you can easily clean it. All for your convenience!

Little effort, big results

There is no skin problem that the ANLAN mask can't handle! Use of the product will make acne scars or constantly arriving wrinkles a thing of the past. Your skin will be firmer and brighter. You will forget about bothersome redness and enjoy a flawless complexion. Find out how easy you can get the desired results!

Awaken your skin

You don't have to leave the house to give your skin professional care. The waterproof mask by ANLAN is equipped with 59 lamps and offers up to 5 types of LED light treatments. Red light slows down skin aging, eliminates wrinkles, improves blood flow and restores elasticity. Green light effectively heals scars and spots and reduces melanin production. Another of the lights - yellow - restores uniform skin color, reduces skin sensitivity and brightens the skin. Blue light has anti-inflammatory and antibacterial effects, and violet light helps

treat skin inflammation and provides effective regeneration of acne scars.

Soothing compresses

Feel like you're in a spa and relax by providing your skin with a hot compress. You can choose the most suitable temperature for you (38°C / 40°C / 42°C). This will effectively open your pores and the nutrients of the skin care products you use will be better absorbed, ensuring the best possible results. To improve the process of penetration of the serum into the right layer of the skin, use the compress together with a moisturizing mask.

4 steps of perfect skin care

To achieve the skin care results you dream of, you must follow the right sequence of steps. Start by thoroughly cleansing your face. When your skin is sufficiently clean - apply the chosen sheet mask to your face. The next step is to apply a waterproof mask by ANLAN and choose a light therapy color. After this process you can enjoy the stunning results!

For the sake of your convenience

With the ANLAN mask, you can take care of your complexion while fulfilling your household chores or devoting yourself to entertainment. The silicone light shield will effectively protect your eyes. For greater convenience of use, you can take advantage of a smart timer, thanks to which the mask will automatically turn off after 15 minutes. Waterproof to IPX7 level, the mask can be cleaned effortlessly, and the included bag will allow you to store the product easily and safely.
