Handgrip Mount PGYTECH

Ref: 6970801339095

PGYTECH grip mount for DJI Ronin

Create breathtaking footage! The PGYTECH mount will allow you to use your DJI Ronin to its full potential. It offers adjustability so you can tailor it to your needs, and its aluminum construction ensures durability. In addition, it allows you to comfortably record from a lower angle.

Durable, lightweight design

The mount is designed so that you can use it, for as long as possible. It was created from aluminum alloy, making it resistant to damage. What's more, it weighs 165 g and features a compact design. This translates into long-lasting comfort of use.

Attach additional accessories

PGYTECH P-RH-162 has been equipped with additional ports so you can attach other devices to it. It has ARRI, ¼"- 20, NATO holes and a cold shoe, which allows you to mount, for example, a microphone or an additional mount.
