Powerbank Baseus Adaman 2, 20000mAh, 30W, 3xUSB, USB-C (whit

Baseus Adaman 2 powerbank, 20000mAh, 30W, 3xUSB, USB-C (white).

Conveniently charge your devices no matter where you are. The Baseus Adaman 2 powerbank features a 20,000mAh capacity and you can take it with you anywhere - even on a plane. It features 2 USB ports and a USB-C port, so you can connect up to 3 devices to it at the same time. It offers up to 30 watts of power (USB-C port) and supports multiple fast charging protocols. Multi-level protection guarantees safe use.

### Even faster charging

See how quickly your devices can be ready for use again. The powerbank supports a range of fast charging standards, including VOOC, PD, QC, SCP and AFC. It also offers PD 30W fast charging on the USB-C port, so you can renew the energy in your Apple gear in just a few moments. What's more, the USB ports support fast charging at 22.5W. In as little as 30 minutes, you'll restore energy in HUAWEI smartphones to 60%!

### As many as 3 devices simultaneously

Charge up to 3 devices at the same time without any hindrance. The Adaman2 model is equipped with 2 USB ports and a USB-C port. Thanks to this solution, you no longer have to wait until one device is fully charged before connecting another. The powerbank is also distinguished by its wide compatibility. You can easily use it to renew energy in Huawei, Apple, OPPO or Xiaomi smartphones. You can

successfully use it to power tablets, laptops or wireless headphones - the choice is yours!

#### Huge capacity

You no longer have to worry that the powerbank will discharge in the least expected moment! Its capacity is as much as 20,000 mAh - this is enough to charge your smartphone at least several times. With its help, for example, you can charge an iPhone 13 up to 4 times or a Xiaomi 12 up to 3 times. In addition, charging the powerbank itself does not take long. After about 3-4 hours it will be ready for use again.

#### Many capabilities in a small size

The handy and small design of the powerbank means that you can always have it within reach. You can easily fit it into your purse or backpack. The Adaman2 model meets all international air transport requirements, which means you can take it with you on a plane. The powerbank will be perfect for traveling.

#### Refined in every detail

The Baseus Adaman2 powerbank was created with the user in mind. It is equipped with a practical display that provides real-time information about the state of charge of the battery. Also noteworthy is the stylish casing with a matte finish, which is extremely pleasant to the touch and gives it an elegant character. The device provides the highest level of security. A number of safety features effectively protect against overcharging, overloading, overheating, short circuit or overvoltage, among others.
