Powerbank Baseus Bipow 10000mAh, 20W (black)

Baseus Powerbank PPBD050301

Do you want to quickly charge your devices almost anywhere in the world? Try the Baseus PPBD050301 powerbank with a capacity of 10 000 mAh! You can connect several devices to it at the same time and do not worry about their safety - the complex protection system effectively prevents them from damage. The built-in LED screen makes it easy to operate the product, and the compact size, light weight and compliance with international air transport standards allow you to take it with you almost anywhere.

Fast charging for your devices

The powerbank supports several fast charging protocols. It is compatible with FCP, QC and AFC among others. It is therefore perfect for powering Huawei, Xiaomi or Samsung smartphones. For example, it allows you to quickly charge your iPhone 12 with 20 watts of power - it will only take about 30 minutes to restore 50% of its energy! So your devices can be ready for use again in no time. And what about the powerbank itself? It only takes 6-7 hours to fully charge it with 20 watts.

Connect multiple devices simultaneously

The device is equipped with multiple outlets so that you can connect more than one device to it at the same time. The product offers two 20W USB output ports, 1 20W micro USB input port, and a 20W USB-C input/output port. What does this mean in practice? With the powerbank, you can, for example, power your tablet and 2 smartphones at the same time - no more waiting for the first device to be

charged before you connect the next one!

Don't worry about safety

The high-performance polymer-ion battery guarantees not only fast but also safe charging. Baseus offers protection against overvoltage, overcurrent, overcharging and short circuit among others. The powerbank is also equipped with NTC temperature sensors that prevent overheating. The product intelligently detects connected devices and adjusts the charging rate to them, protecting them from damage.

Designed for your convenience

Maintaining the powerbank in perfect condition will not even cause you the slightest problem. Its casing is distinguished by a pleasant to the touch texture, which is resistant to sweat and fingerprints - you can easily keep it clean. Thanks to it, you can comfortably use the device also in the summer. The product is equipped with a clear LED screen that displays the current battery level in real time.

The dream travel companion

Get yourself a reliable power source that can accompany you almost anywhere. Baseus powerbank is light and handy - its transport will not cause you any problem. You can even take this practical device on a plane - it meets all the necessary requirements. Baseus gives you the opportunity to conveniently charge your equipment everywhere you need.

You'll use it in tons of ways

The powerbank doesn't have to be used just for charging your phone! Baseus brand device is suitable for many applications. Do you want to cool off a bit on a hot summer day? Connect your portable fan and enjoy a pleasant breeze! There's a power outage, your laptop is about to run out of power, and you have an important project to finish? The Powerbank comes to the rescue! Its long runtime and portable design will surely meet your expectations.
