Baseus Qpow Pro powerbank with Lightning, USB-C, USB cable, 10000mAh, 20W (white)

Opt for a capacious powerbank from Baseus and charge your devices quickly and safely. The Baseus Qpow Pro has a built-in Lightning cable and 2 output ports, and supports multiple fast charging protocols. It allows you to renew the energy of 3 devices at the same time, its output power reaches 20 watts and its capacity is 10,000 mAh. Handy and lightweight, it is no problem to transport, and stands out for its wide compatibility and multi-level protection.

#### Fast charging

The Baseus Qpow Pro powerbank with Lightning cable allows you to charge up to 3 devices simultaneously. The Lightning cable charges with 20 watts of power, plus the powerbank has USB and USB-C outputs, allowing you to renew the power of several different devices at once. It supports SCP, FCP, QC and PD protocols, and will charge an Apple 13 to 50% in just 30 minutes.

#### Impressive capacity

The Qpow Pro stands out with a capacity of 10000 mAh and is capable of charging selected devices up to several times. So you can renew the energy of Apple 8 about 3 times, Xiaomi 11 about 1.3 times, Huawei P50 about 1.3 times or Apple 13 about 1.8 times. To charge the powerbank, 3 hours is enough.

#### High level of protection

The powerbank has a number of safety features that guarantee the safety of the charged devices. Baseus Qpow Pro protects against overcurrent, overvoltage, overcharging, high temperature or electromagnetic fields, among others. Also noteworthy are the high-quality materials and robust housing.

#### Compact and handy

Thoughtful design of the powerbank translates into high comfort of use. The easy-to-read display provides information about the state of the battery, and thanks to its low weight (236 g) the product does not cause any problems during transportation. A practical clip allows you to hide the end of the built-in cable, so you do not have to worry about damaging it.
