Tribit FlyBuds C2 BTH96 headphones

Tribit headphones provide high comfort and up to 32 hours of use - so you can listen to your favorite songs and podcasts for a long time. What's more, they connect to your compatible device via Bluetooth 5.2 and offer impressive sound quality. In addition, they stand out for their minimalist and modern design.

High sound quality, stable connection

The headphones are equipped with dynamic drivers with a diameter of 12 mm, which translates into high sound quality. What's more, the Qualcomm aptX chip further contributes to the richly detailed and crystal clear sound. In addition, they support Bluetooth version 5.2, which is responsible for a stable signal without interference up to 10 meters.

Long operating time

The Tribit FlyBuds C2 BTH96 are equipped with heavy-duty batteries, so they offer a long operating time. As a result, you can use them for up to 8 h on a single charge. Meanwhile, the charging case extends this time to 32 h. What's more, the white indicators on the case will let you know the battery level.

Talk freely on the phone

Tribit headphones are equipped with 4 microphones with CVC 8.0 technology to eliminate ambient noise. Bus station, urban jungle - now you can talk on the phone and be sure that your caller can hear you.

Ergonomic design

Enjoy comfortable use for a long time. The headphones feature an ergonomic design, so you don't have to worry about discomfort or feeling tired. What's more, you won't have any problems operating them - the touch panels will allow you to easily adjust the operation of the BTH96 to your own needs.
