Ref: 6973734200265

FairyWill FW-P10 sonic toothbrush

Do you dream of healthy teeth and a beautiful smile? The FairyWill FW-P10 sonic toothbrush will help you make that dream come true! Using it, you will take comprehensive care of your oral hygiene and get rid of even stubborn dirt. The device offers an intelligent timer and up to 5 modes, and is also distinguished by its very quiet operation. The kit also includes 4 interchangeable tips, 2 tongue scrapers and a carrying case.

Say goodbye to dirt

A sonic toothbrush will allow you to brush your teeth much more thoroughly than a regular toothbrush. The device generates high-frequency vibrations - creating lots of microbubbles to thoroughly clean all areas of your mouth, including those hard to reach. This makes it easy to get rid of food debris, plaque or coffee stains! What's more, a high-quality motor and metal shaft are responsible for the reliable, efficient operation of the toothbrush.

Intelligent timer

No longer do you have to wonder if you're brushing your teeth for as long as you need to. The FW-P10 toothbrush is equipped with a smart timer - every 30 seconds, a brief pause in vibration will remind you to change the area you are cleaning, and after 2 minutes, it will automatically stop. This makes it easy to develop the right habits!

5 cleaning modes to choose from

Choose from 5 available cleaning modes and customise the action of the toothbrush to suit your needs. Clean mode provides a vibration frequency of up to 40,000 vibrations per minute - for fast and effective removal of debris. White makes it easier to whiten your teeth and Polish allows you to polish your teeth. Sensitive will suit beginners and Massage will provide a gentle gum massage.

Additional accessories included

The set includes 4 interchangeable toothbrush tips - share them with loved ones or keep them for yourself as a spare! They are distinguished by their high-quality DuPont bristles, which are safe for your teeth and will not damage your enamel. You will also find 2 stainless steel tongue scrapers in the pack. These will help you take even better care of your oral hygiene!

Always on hand

Planning a trip for a few days? Take your FW-P10 toothbrush with you! It comes with a practical case for easy transport. It also has space for 2 brush heads - ideal if you're travelling with a friend. Don't give up on good oral hygiene when you're on the go - the FairyWill toothbrush can accompany you almost anywhere!
