

Orico Adapter Hub 4x USB 3.0

Orico Adapter Hub 4x USB 3.0

Ref: 6936761858908

Adapter Hub 4x USB 3.0 Orico

Expand the capabilities of your computer and make your daily work easier. The Orico adapter is equipped with 4 USB ports, so you can connect up to 4 devices to it. The hub also allows you to transfer files at speeds of up to 5Gbps and features wide compatibility. What's more, a durable aluminum alloy was used for its construction, which ensures its durability and effective heat dissipation.

Enhanced design

This practical hub is extremely lightweight and compact - you can easily take it with you to work, university or the library. It won't take up much space in your backpack or laptop bag! In addition, the device is made of high-quality aluminum alloy, so it is extremely durable and can effectively dissipate heat, which translates into its stable, efficient operation!

Universal compatibility

It doesn't matter what kind of equipment you use - the Orico adapter will facilitate your work in almost any situation. The product is compatible with Windows, Mac OS and Linux. To use it, just connect it to your computer - you don't even need to install additional drivers. Get more possibilities and improve the efficiency of your work!

Connect up to 4 devices simultaneously

Forget about problems with too few available laptop ports. The Orico adapter offers 4 USB ports, which means you can connect up to 4 pieces of equipment to it at the same time. The device is compatible with keyboards, computer mice, USB drives, printers and graphics tablets, among others. The possibilities are truly vast!

Instant file transfer

Now you can transfer all the photos or videos you need between devices in no time. The Orico adapter provides transmission speeds of up to 5Gbps (on the USB 3.0 port)! This means that you only need about 3 seconds to transfer 1GB of files. No more endless waiting!

Impressive performance

Don't let hardware performance issues affect the efficiency of your work. The Orico adapter has a built-in IC chip that guarantees its smooth, stable operation, even when you connect more devices to it. What's more, the product is optimized for mouse and keyboard use, so you don't have to worry about delays or connection problems.
