

MFi wall charger LDNIO A2528M, 2xUSB-C, USB-C to Lightning 3

Ref: 6933138700280

MFi wall charger LDNIO A2528M, 2xUSB-C, USB-C to Lightning 3

LDNIO A2528M, 2xUSB-C, USB-C to Lightning 35W network charger

The LDNIO A2528M charger is designed specifically for Apple devices. It is MFi certified and offers 2 USB-C ports. It provides up to 35W of power for fast charging of iPhones, iPads and more. The device also guarantees safe use and features a lightweight, portable design. The kit also includes a USB-C to Lightning cable.

Fast charging

Don't wait too long for your devices to be charged. The charger is equipped with 2 USB-C ports, each capable of providing up to 35W of power. If you use them at the same time, they will automatically distribute power between the connected equipment. So you can charge, for example, 2 iPhones or an iPad and AirPods in a short time. Charge 2 devices simultaneously and save precious minutes!

Safe to use

The product has received official MFi certification, which means that it allows you not only to charge your Apple devices quickly, but also safely. The charger has also received protection against overcurrent, overload, overvoltage, overcharging, overheating, short circuit and more. What's more, durable and flame-retardant PC plastic has been used for its housing, which ensures its durability and increases its resistance to damage.

Always at hand

The charger is extremely lightweight and compact, so you can always have it with you. It will easily fit in your purse or backpack! The product is also compatible with 100-240V, which means that it will work great even abroad. It's the perfect travel companion! In addition, the USB ports of the device can handle most models of smartphones (with PD), which translates into its versatility.
