

## Transmitter / Receiver Mcdodo CA-8700 Bluetooth 5.1

Ref: 6921002687003

Transmitter / Receiver Mcdodo CA-8700 Bluetooth 5.1

Transmitter / Bluetooth 5.1 Receiver Mcdodo CA-8700

Increase your comfort while driving with the Mcdodo brand receiver. Create the atmosphere of your dreams in your car and comfortably play music, use navigation and make phone calls without taking your hands off the steering wheel. The device supports enhanced Bluetooth 5.1 technology, provides HD sound quality, has a built-in microphone and can connect to 2 smartphones simultaneously. The cable is equipped with USB-A and DC 3.5 mm connectors and has a maximum length of 1.7 meters.

Bluetooth 5.1 technology

Thanks to the improved Bluetooth 5.1 technology, you will enjoy reliable and stable transmission over a distance of up to 10 meters. Also contributing to the lack of interference is the 3.5mm gold-plated connector, made with the utmost care. You'll be able to connect up to 2 smartphones simultaneously with the Mcdodo transmitter without any obstacles. Comfortably listen to music, talk on the phone and use navigation!

High quality sound

Take your musical experience to a new level and enjoy crystal clear HD sound. Use navigation as well, enjoying the improved quality of

audio messages. What's more, a high-quality microphone is built into the device. Mcdodo product will be great not only in the car, but also at home! Freely connect phones, laptops and tablets to the transmitter.

#### Attention to detail

The Mcdodo receiver provides automatic connection as soon as you start the car engine. It has a flexible cable with a maximum length of 1.7 meters. The transmitter's shell is made of zinc alloy, which ensures efficient heat distribution and increases the safety of product use. An LED indicator will inform you about the connection status of the device.
