Mcdodo CA-7131 USB-C to USB-C 3.1 Gen 2 cable, 4K 30Hz, 2m (black)

Do you want a cable that works in many situations? Choose the USB-C to USB-C 3.1 Gen2 Mcdodo cable! The product allows fast charging with up to 100 watts and 5A, so it will instantly renew the energy in your selected devices. It also enables file transfer speeds of up to 1,000 MB/s, as well as displaying video on a larger screen in 4K@30Hz quality. It is compatible with a range of devices and features a durable and rugged design. In addition, it guarantees a high level of user safety.

Even faster charging

The Mcdodo cable will allow you to renew the energy in your devices in a short time. It offers fast charging with as much as 5 watts and an output power of up to 100 watts. This means you can charge your Macbook to full in just 2.5 hours! On the other hand, it only takes about 1.5 hours to restore power to a Huawei P30 smartphone.

Transfer data in the blink of an eye

With the help of the cable, you will not only instantly charge the device of your choice, but also quickly transfer files. The USB-C 3.1 Gen 2 cable allows you to transfer data at speeds of up to 1000 MB/s. So you can transfer a high-quality movie, a large number of photos or your favorite music between devices in just 1 second.

Even more possibilities

That's not all it has to offer! With the Mcdodo cable, you can also display images on a larger screen, such as a computer monitor or other devices with a Type-C interface. It provides impressive image quality at 4K@30Hz resolution, so you can enjoy incredible richness of detail and vivid colors. It also guarantees a stable transmission signal at speeds of up to 10 Gbps, without interference or lag.

Durable and secure

You don't have to worry about the security of your equipment. The product features an advanced chip that intelligently adjusts the appropriate charging parameters to the connected device. It is made of durable nylon braid and aluminum alloy, so you can be sure that it will serve you for a long time. It also stands out for its wide compatibility.
