USB to Lightning cable, Mcdodo CA-7441, 1.2m (black)

USB to Lightning cable, Mcdodo CA-7441, 1.2m (black)

The Mcdodo cable allows for fast charging of Apple devices, thanks to its 2.4A rating. It also allows for lightning-fast file transfer speeds of up to 480 Mbps. It is compatible with a variety of Apple-branded equipment and ensures safe use. It is distinguished by its durable and wear-resistant design. It will be perfect for home, work or university.

Instant charging

Even faster charging. The Mcdodo cable allows you to quickly charge your devices with 2.4A. In just about 2 hours you'll charge your iPhone X to 100%. It works great with almost all Apple devices and various versions of iOS (iOS 11 and above).

Fast data transfer

The product not only provides fast charging, but also lightning-fast data transfer. In just about 1 second you will transfer as many as 50 photos between selected devices. All this thanks to the speed of 480 Mbps. You no longer have to wait indefinitely to transfer music, videos or necessary documents!

Durable and resistant

The cable is made of durable nylon braid, which is characterized by resistance to wear and tear and mechanical damage. In addition, the end of the cable has been additionally reinforced - so you can be sure that it will serve you for a long time. The high-quality copper cable ensures stable and fast transmission, and the advanced chip intelligently manages the charging parameters.
