USB-C to Lightning adapter, Mcdodo OT-7680 (black)

USB-C to Lightning adapter, Mcdodo OT-7680 (black)

Now you can charge your iPhone in no time with a USB-C cable. The USB-C / Lightning adapter from Mcdodo offers a charging current of up to 3A and allows you to transfer files at speeds of up to 480Mbps. At the same time, the accessory is extremely light and compact, yet durable - it will serve you well for a long time.

Faster charging

Don't have your Lightning cable with you? Want to charge your iPhone using a USB-C cable? Now it's possible! The Mcdodo adapter supports charging amperages of up to 3A, so you can renew your smartphone's energy in no time. No more prolonged waiting until it's ready to work again!

Convenient file transfer

The adapter allows you to charge your device and transfer files at the same time. It provides transmission speeds of about 480Mbps, which means you don't need much time to copy all the files you need. Photos, videos, documents - with Mcdodo you will transfer them between devices in no time!

Ref: 6921002676809

Improved design

The highest quality materials were used to make the adapter, which translates into its durability. The product is also lightweight and compact enough that you can always have it at hand. It will easily fit in your backpack, purse or even in your pocket! What's more, when charging, the adapter intelligently adjusts the amperage to the requirements of the connected device to protect its battery from damage.
