

Filter PolarPro Recon Stage 2 | ND16

Filter PolarPro Recon Stage 2 | ND16

Ref: 817465028155

Stage 2 | ND16 filter for PolarPro Recon system

Now you can create exceptional shots with the ND16 filter. It is dedicated to the PolarPro Recon system. It reflects natural colors up to 1200 nm, increases color saturation and prevents overexposure. In addition, it reduces shutter speed, resulting in smooth, cinematic shots. In addition, the use of German Cinema Series glass ensures durability.
