

Filter MRC-UV PGYTECH for DJI Mavic Mini 2 SE / DJI Mini 2 (

Ref: 6970801335868

Filter MRC-UV PGYTECH for DJI Mavic Mini 2 SE / DJI Mini 2 (

Excellent image quality

Designed specifically for the DJI Mini 2 SE/ DJI Mini 2, PGYTECH filters are excellent image quality and performance. To meet the needs of those who appreciate optimal solutions, high-grade German Schott optical glass was used in their construction. Their light weight does not affect the comfort during use, thanks to the lightweight aluminum alloy. The double-sided multilayer coating process ensures resistance to water, grease, dust and scratches.

Top class optics

SCHOTT optical glass coating with inert density reduces color deviation. Numerous grinding and polishing processes and IAD multilayer coating technology ensure the highest standards of high-resolution image quality.

UV filter

PGYTECH DJI Mini 2 SE / DJI Mini 2 UV Filter (Professional), is designed to reduce the blue tint in images caused by UV rays, and to effectively protect the lens. It provides it with water resistance, oleophobic, dust resistance and protection against lens scratches. Its weight is only 0.8 grams, and thanks to its quick installation, it is not even required to calibrate the gimbal.

Manufacturer code

P-12A-017

Filter

UV

Plastic

Optical glass / Aluminum

Weight

1,03 g

Compatibility

DJI Mavic Mini ; DJI Mini 2 ; DJI Mini 2 SE

Preço:

€ 14.00
