

Backpack PGYTECH OneMo Lite 22L (Twilight Black)

Backpack PGYTECH OneMo Lite 22L (Twilight Black)

Ref: 6970801338883

PGYTECH OneMo Lite 22L Photo Backpack (Black)

The PGYTECH OneMo photo backpack will work well for such uses as work or travel. With a capacity of 22L, you will be able to fit not only your photographic equipment, but also your intended accessories, laptop or documents. The included compartments will allow you to arrange the space of the backpack, and high-quality materials protect both the P-CB-115 and its contents from damage.

Tailored to your needs

The PGYTECH OneMo photo backpack features a modular design, so it's up to you to plan out its space. It comes with 8 compartments of various types to help you do so. Such a solution will also help you stay organized.

Convenient access to the most important things

Need to take a photo quickly? No problem! The PGYTECH OneMo photo backpack is equipped with a side pocket, so you can quickly reach your camera and not lose an important shot. In addition, you can completely open the front of the backpack to remove any item from it. Enjoy the solutions the P-CB-115 offers.

For the sake of comfort

The backpack is designed to make its use comfortable. The P-CB-115 is distinguished by its ergonomic design, and thanks to the use of

breathable materials, you can use it for a long time without feeling tired or uncomfortable. In addition, it has wide straps and 3 handles, which will make transporting the backpack easier.

Refined design

The PGYTECH OneMo P-CB-115 has been finished with PU material, making it resistant to splashes and wear and tear. It also has sealed zippers to protect the contents of the backpack from damage. It offers a special pocket for a tripod and a gimbal. In addition, it allows you to safely store your documents, laptop or tablet. That's not all! Dedicated pockets for batteries are equipped with special indicators with which you will mark their charge level.
