

Powerbank Romoss Ares 10 10000mAh (black)

Powerbank Romoss Ares 10 10000mAh (black)

Ref: 6958377509449

Romoss Ares 10 Powerbank

Charge your smartphone quickly and safely. The powerbank offers a fast charge of 2.1 A and with 2 USB ports you can charge several devices at the same time. In addition, a number of safety features guarantee safe use. Moreover, the lightweight and compact design of Ares 10 allows for convenient storage.

Fast device charging

No longer do you have to wait indefinitely for your equipment to charge. The powerbank uses a fast 2.1A charge, so you can get your device ready to go in no time. Plus, with two USB ports, you can charge multiple devices simultaneously.

Durable

The capacity of the Romoss powerbank is 10,000 mAh. This means that it can charge your iPhone 8 up to 4 times on a single charge. It's equipped with a premium lithium-polymer battery, which adds to the smaller design of the Ares 10. To charge the powerbank, use the included USB cable.

Lightweight, compact design

Romoss powerbank resembles the size of a credit card, so it will not take up much space. You can successfully store it in your pocket. So

you can conveniently charge your smartphone and use it at the same time.

LED display

Another advantage of the Romoss powerbank is the high-quality LED display, which will provide you with information about the remaining battery level. This allows you to keep track of the charging process and stay up to date.

Safety

Don't be afraid of damaging your smartphone! The powerbank is designed with safe use in mind. It protects the charged device from overcharging, over-discharge, overheating, short circuit, etc.

Compatible

Afraid that your equipment will not be compatible with Romoss powerbank? Don't be! Ares 10 works with Android and iOS devices, for example, smartphones, tablets, etc.
