

## Smart Wi-Fi Light Strip TV Backlight Blitzwolf BW-LB2

Smart Wi-Fi Light Strip TV Backlight Blitzwolf BW-LB2

Ref: 5905316141452

Blitzwolf BW-LB2 smart LED strip for TV, Wi-Fi

Take care of the right atmosphere in your home. The Blitzwolf BW-LB2 smart LED strip provides 16 million colors, and is easy to use with an app and voice commands. It fits TVs with a screen size of 55~85", and its installation is simple and will take just a moment. What's more, you'll also find accessories for easy installation of the ribbon, HDMI to HDMI cable, controller and power supply.

Unique atmosphere

The smart LED strip offers up to 16 million colors to choose from, allowing you to create a unique atmosphere in almost any situation. It synchronizes with music, so you'll use it during a gathering with friends. What's more, it adjusts to the events on the screen when you play games - for even more immersion.

Wide compatibility

The LED strip is compatible with TVs with a screen diagonal of 55~85". What's more, a controller has been included with which you can connect the tape to the device of your choice. It has been equipped with USB-A x2 and HDMI x3 ports, so you can connect it to a game console, computer, laptop, set-top box, etc.

Remote control

Customize the operation of the LED strip to suit your needs. You can control the device from the app and choose from such modes as Music, Movies or Scene. You can also adjust the brightness or color and set a timer - you decide how long the LED strip should be on.

#### Voice control

That's not the end of the BW-LB2's advantages. The Blitzwolf smart LED strip works with Amazon Alexa and Google Assistant, so you can control it without getting up from the couch - just a simple voice command!
