Ref: 5905316141131

Wall charger Blitzwolf BW-S23, 3x USB-C, USB-A, GaN, 100W (b

Blitzwolf BW-S23 mains charger, 3x USB-C, USB-A, GaN, 100W (black).

Quickly and conveniently charge multiple devices at the same time. The Blitzwolf mains charger is equipped with 4 USB ports and offers a total power output of up to 100W. It works with a number of fast charging standards, including PD or QC. It is compatible with a range of devices and uses advanced GaN technology.

Fast charging

Save your time with the Blitzwolf charger. The product uses advanced GaN technology, which is responsible for the charger's incredible performance. It supports Power Delivery, Quick Charge, AFC, FCP and Apple 2.4A fast charging protocols. It also offers a power output of up to 100 watts. This means it only takes a few moments to restore power to your devices.

As many as 4 USB ports

No longer do you have to wait until one device is ready to plug in another. The BW-S23 is equipped with 4 USB output ports - 3x USB-C and USB-A. So you can seamlessly charge up to 4 devices at the same time. Enjoy the freedom with Blitzwolf!

One charger for multiple devices

Worried that the charger will not be compatible with your device? Don't be! The accessory works great with a variety of equipment. With

its help you can easily restore power to your laptop, smartphone or tablet. You will also successfully use it to charge your Nintendo Switch console. All you need to do is to connect to the charger a suitable cable with a USB-C or USB-A connector!
