HDMI to HDMI cable, Blitzwolf BW-HDC4, 4K, 1.2m (black)

Ref: 5905316141155

Blitzwolf BW-HDC4 4K HDMI to HDMI cable 1.2m (black)

The Blitzwolf BW-HDC4 4K to HDMI cable is a 4K HDMI to HDMI cable with a rugged design that will let you enjoy a great picture with 18Gbps bidirectional data transfer. It is compatible with HDMI versions lower than 2.0.

Cinema in your home

The cable fully supports audio and video input and output at 4K x 2K at 60Hz and 3840 x 2160 HD resolutions, making the transmission yield crystal clear images and excellent sound quality on the big screen. Thanks to the fast transfer rate (18 Gbps), the displayed image is smooth, so you won't miss any detail during the screening.

Extremely durable

Another advantage of the product is its robust construction. The special aluminum sheath with PP braid, makes the cable resistant to breakage, does not tangle, and on top of that, it is more flexible, so it will definitely be a purchase for years.

Manufacturer
