Orico hard drive and GSM accessories case (black)

PHD-25 is an ideal case for 2.5-inch hard drives and other devices of this size. The cotton-covered EVA foam lining will keep your devices safe, and the high-quality zippers will further protect them from drops.

Additional mesh for smaller items

Inside the case there is an elastic mesh behind which you can place small accessories, such as cables or flash drives, so you have all the devices you need close at hand.

Protects delicate items

The PHD-25 case is resistant to moisture and dust. It has security in the form of solid locks, so you don't have to worry about your drive or other small items. This small case can realistically extend the life of your devices.

Ideal for traveling

Orico PHD-25 is an excellent choice for traveling. It is small and roomy, so you will save a lot of space in your backpack. In addition, you will organize your devices in it, minimizing your search time to zero.
