

## Smart wireless projector BYINTEK P7 DLP 854x480p Android I

Ref: 798394974891

Smart wireless projector BYINTEK P7 DLP 854x480p Android I

### BYINTEK P7 wireless smart projector/projector

The BYINTEK P7 compact projector will make you feel like you're in a movie theater anywhere. The device will allow you to delight in the image with a maximum diagonal of 150" in FHD 1080p resolution and brightness of 250 ANSI lm. Two Hi-Fi 3W speakers will give you full immersion in movies and games. The device runs on Android 8.1 OS and allows you to use popular platforms such as Netflix. The projector is equipped with a 4400 mAh battery and a high-quality RGB 3 LED lamp with a lifespan of up to 30,000 hours.

### Spend an enjoyable time

A diagonal image ranging from 30" to 150" from a distance of 1 to 3.81 meters will delight both you and your companions. You can freely place the projector anywhere - on a tripod, stand or table. Do you want to organize a movie night? Or perhaps demonstrate your professionalism at work by giving a presentation on the big screen? P7 will not let you down! The projector works extremely quietly and is equipped with an RGB 3 LED lamp with a life span of 30,000 hours.

### An image that delights

The BYINTEK P7 projector uses DLP display technology and its brightness reaches 250 ANSI lumens. There are 3 brightness levels, so you can adjust the image to your preference. The native resolution is 854 x 480 p. Forget your surroundings and immerse yourself in an image that guarantees excellent color reproduction and rich detail. What's more, thanks to the projector's extremely quiet operation

(44.4 dB), unnecessary noise won't disturb your concentration.

#### Enjoy a wide range of possibilities

Engage in your favorite entertainment and forget about your responsibilities! The P7 runs on Android 8.1 OS and supports 2.4G/5G Wi-Fi and Bluetooth 4.0 technology. The BYINTEK projector will allow you to install apps and watch content available on popular platforms such as YouTube and Netflix. The wireless design and compact size of the device allow you to easily take it anywhere. Fancy an outdoor screening? With the P7 it's possible!

#### Let yourself be immersed

The P7 projector will surprise you with Hi-Fi quality sound. The device is equipped with two speakers - each with 3 watts of power. What's more, you can easily perform both vertical and corner trapezium correction. Thanks to this, you will efficiently eliminate any irregularities and comfortably watch a movie or play a game. The lifespan of the LED lamp reaches up to 30,000 hours, which translates to about 10 years of use. A remote control is included, so you can sit back, relax and manage the projector without getting up. The device also has functional buttons with which you can operate it.

#### Wide compatibility

The P7 has DC and USB ports that allow you to seamlessly connect various devices such as a smartphone, tablet, mouse, gamepad and U-drive. The device is also compatible with DC 5V/2A car chargers and comes with 1G ROM + 16G RAM. Use the projector for entertainment, as well as at work or university. The P7 will prove itself in any situation!
