

Web Camera with micro Delux DC03 (Black)

Web Camera with micro Delux DC03 (Black)

Ref: 6938820450788

Delux DC03 webcam with microphone (black)

Conduct high-quality conversations with the Delux webcam. The DC03 offers 1080P HD resolution and is equipped with a noise-canceling microphone. In addition, it stands out for its wide compatibility and 90° lens angle. It is also equipped with a privacy shield.

Various usage scenarios

The Delux DC03 webcam with microphone will work well in a variety of situations. You will successfully use it for online classes, live broadcasts, remote business meetings or video chats with family or friends.

Clear image

The device captures images in HD quality (1920x1080) at a video frame rate of 25 FPS. What's more, the viewing angle of the lens is 90° - so you don't have to worry about the camera not capturing important elements. In addition, the DC03 automatically adjusts the brightness

Interference-free conversations

Conduct conversations freely and be sure that your interlocutors can hear you. The Delux webcam is equipped with a dual microphone that excels in noise reduction. Enjoy high-quality conversations with the DC03.

Wide compatibility

Don't be afraid of compatibility issues. The Delux webcam works with Windows, Android, Linux or macOS. What's more, you can use platforms such as YouTube, Skype, Twitter, Facebook, Zoom and many more.
