Gaming Keyboard Delux KM18DB RGB (White&Pink)

Delux KM18DB RGB gaming keyboard (white and pink)

The Delux KM18DB mechanical gaming keyboard is great for both gaming and work. It consists of 89 keys and connects to your compatible device in 3 ways. It offers RGB backlighting and supports Windows 7/8/10 and macOS operating systems. What's more, it features yellow Gateron G Pro switches and won't take up much space thanks to its compact design.

Wireless operation

Forget about unsightly, tangled cables. The Delux gaming keyboard is equipped with a durable 2000 mAh lithium-ion battery. Thanks to this, the KM18DB works on a single charge for about 3 days (with the backlight on) or about 25 days - if you don't use the backlight. A USB-C cable is also included for easy charging of the device.

Various ways to connect - wide compatibility

The keyboard connects to a compatible device in 3 ways: via USB-C cable, Bluetooth 5.0 and in the 2.4G band. The choice is yours! What's more, it works with Windows 7/8/10 and macOS - successfully connect it to your computer, laptop, smartphone or tablet.

Carefully thought-out design

The Delux KM18DB RGB features yellow Gateron G Pro switches, which stand out for their fast response time and high precision. The

ergonomic design ensures long-lasting comfort, and you can also adjust the height of the keyboard thanks to the adjustable feet. The use of special foam helped reduce the noise the device generates when clicking. In addition, dedicated software allows you to customize the operation of the product.
