Ref: 6974944461002

TELESIN charger+power bank for GoPro Hero 11/10/9 GP-PB-001

Telesin powerbank charger for GoPro Hero 11/10/9 cameras GP-PB-001

Going on a trip? Take the Telesin GP-PB-001 powerbank charger with you and rest assured that your equipment won't run out of energy to operate! The device allows you to conveniently charge batteries designed for selected GoPro Hero cameras. It is also equipped with a USB-A and USB-C port, with which you can charge your tablet and phone, for example. The capacity of the powerbank is 10,000mAh.

Wide compatibility

The charger allows you to conveniently store and charge batteries for the GoPro Hero 11 / 10 / 9. It also comes with holders that will allow you to place batteries intended for the GoPro Hero 8 / 7 / 6 / 5. The product also offers 2 ports - USB-C and USB-A. So you can connect your tablet, phone or wireless headphones to it, for example. The powerbank allows you to charge up to 3 devices simultaneously!

The perfect travel companion

This practical powerbank can accompany you almost anywhere. It weighs only about 253g and is compact enough to easily fit in your backpack or bag. Take it with you on a camping, biking, mountain or fishing trip - so you can be sure that your devices will not refuse to work when you least expect it! You can also take it on board a plane without any problems.

Improved design

The powerbank attracts attention with its minimalist, elegant design, which is sure to appeal to many users. It is also very durable and wear-resistant. It has also been equipped with a special cover that protects its ports from dust. The device is also protected against overcharging, overheating, short circuit and over-discharge.

Fast charging

You don't have to wait too long for your devices to be charged. The GP-PB-001 supports PD 20W fast charging, so it can renew the energy of your selected equipment in no time. With Telesin you will save time! What's more, it only takes about 2.5 hours to charge the powerbank (if you use the 20W charger). Note: when you use both USB-A and USB-C ports at the same time, fast charging is not possible.

10,000mAh capacity

Forget about having to recharge the powerbank frequently. The capacity of the device is 10,000mAh, which means that with it you can, for example, charge one battery for GoPro 11 / 10 / 9 about 4 times, and two such batteries about 2 times. You will charge a battery designed for the GoPro Hero 8 / 7 / 6 / 5 about 6 times, and two such batteries about 3 times. The powerbank will also allow you to charge an iPhone 14 about 2 times.
