

Wall charger LDNIO A2313C USB, USB-C + USB-C - Lightning c

Ref: 5905316141803

Wall charger LDNIO A2313C USB, USB-C + USB-C - Lightning c

LDNIO A2313C USB, USB-C 20W AC charger + USB-C - Lightning cable

This compact charger with USB-C cable will ensure fast charging of your devices wherever you are. The product stands out for its wide compatibility, and the two built-in ports - USB and USB-C support fast charging protocols. You can easily take it on any trip, as it accepts a voltage of 100 - 240 V, and a number of electrical safety features will make sure that your equipment remains safe.

Instant charging

The charger features two ports (USB and USB-C) that work with PD and QC 3.0 fast charging technology and operate at 18W or 20W. This allows you to reduce the charging time of your devices and replenish your phone's battery up to 70% in just 30 minutes.

A range of security features

You don't have to worry about the equipment connected to the charger. The LDNIO A2313C accepts voltages of 100 - 240V, and uses polycarbonate that can withstand temperatures as high as 850°C. What's more, the charger has a smart chip, so your devices are protected from electrical hazards such as overcurrent, short circuit, overcharging, etc.

Wide compatibility

The LDNIO mains charger works with devices from well-known manufacturers, so you don't have to worry about compatibility. You can choose from two available ports or use them simultaneously, and charging your devices will be facilitated by the included 1m USB-C -

Lightning cable. What's more, the device supports a voltage level of 100 - 240 V and is extremely compact. All this makes the LDNIO A2313C charger the perfect companion for any trip.
