

## Electric foot trimmer DOCO F002

Electric foot trimmer DOCO F002

Electric foot milling machine DOCO F002

Do you want to take care of the skin of your feet? Thanks to DOCO electric foot milling machine it will be possible! Its work will adapt to your needs, thanks to two interchangeable heads with different gradations. In addition, you will not tire your hand even during prolonged use of the equipment, because its design is very ergonomic. Today you can enjoy professional spa treatments in your home!

Ref: 6972169000686

### Exceptional quality

The electric milling machine is designed so that the skin of your feet will always be smooth. The high-quality diamond grinding wheel will thoroughly remove dead and calloused skin. It is made of high-quality materials, so it is durable and always ready for use. In addition, it is resistant to moisture and shows IPX6 water resistance, and it is very quick and easy to clean.

### Two types of heads

The foot milling machine is equipped with two different heads to deal with the problems of different feet. The first, with a gradation of 300, is used for daily care of feet with slightly thickened skin. While the second, with a gradation of 150, will enable you to deeply care for feet that struggle with a big problem of dead and calloused skin. This will make the DECO a versatile piece of equipment for everyone.

### Customize to your needs

DOCO's equipment was created with different needs in mind, so it has the ability to adjust the speed at the touch of a button. For daily care, choose the 1500 r/min option, while if your feet are very demanding, adjust the router to 1800 r/min. DOCO's electric milling machine will work even for more difficult cases!

#### Comfort of use

Electric milling machine is not only a functional equipment, but also a comfort of use. Thanks to its ergonomic design, you will not tire your hand, even during long use. What's more, this equipment will perfectly adapt to your foot, thanks to its 15-degree inclination. You don't have to worry about unpleasant sound, as the cutter is very quiet (66 dB). Moreover, it is also very lightweight, so you can take care of your feet wherever you are.

#### Safety

You don't have to worry about getting hurt while using DOCO equipment. It is designed to keep you safe. When a dangerous action like pressing too hard is detected, a special program will lock the device. This way you don't have to worry about skin damage.

#### Excellent design

DOCO electric foot milling machine combines reliability, functionalism and excellent design. It will also be easy to use. With one button, you change its functions, and by pressing another button, you can easily remove the cutter head. In addition, you will also find a protective, dust cover included, which will make it easier to store and transport the equipment.
