Enjoy the benefits of fast charging and charge up to 2 devices simultaneously. The LDNIO A2318C charger offers 2 ports - USB-A and USB-C, and thanks to a smart chip, it ensures efficient and safe operation. It is also distinguished by its wide compatibility and lightweight, compact design. The product supports 20W PD fast charging and 18W QC3.0. The kit also includes a USB-C to USB-C cable.

Fast charging

Now you can charge your devices in even less time. The charger supports such fast charging standards as PD 20W and QC3.0 18W. What does this mean in practice? With its help you will charge, for example, an iPhone 13 to 65% in about 30 minutes. In addition, the charger has a built-in smart chip, thanks to which it automatically detects connected devices and adjusts charging parameters to their requirements.

Safety first

The A2318C charger will ensure not only fast, but also safe charging. It has been equipped with multi-level protection against overvoltage, overheating and short circuit, among others. What's more, high-quality materials were used in its construction, so it looks great and is very durable. Its housing was made of flame-retardant PC plastic, which translates into even greater safety of use.

It will prove itself while traveling and more

Despite its great capabilities, the charger is surprisingly light and compact. You can easily fit it in your backpack, purse or even pocket. Take it on vacation or on a business trip - you don't have to give up the ability to quickly charge your devices when you're not at home. The charger is also compatible with 100-240V, so you can use it abroad without any problems.

Charges 2 devices simultaneously

Want to charge your tablet and phone? No longer do you have to wait until one device is ready to use before plugging in another! The charger is equipped with 2 ports - USB-A and USB-C, so it can power up to 2 equipment at the same time. What's more, the product is compatible with many models of tablets and smartphones from popular brands such as Apple, Huawei, Samsung and Xiaomi.
