Nillkin case with keyboard for Ipad 10.9" (Black)

Case with keyboard for Ipad 10.9" Nillkin (black)

Increase the efficiency of your work or study with the Nillkin case for iPad 10.9"! The case features a portable keyboard with a touch panel, making typing on your tablet even easier. It allows you to adjust the viewing angle, and Bluetooth 3.0 is responsible for a smooth connection with the iPad. Its maximum working time is up to 55 days. Thanks to the use of high-quality materials, the case reliably protects the tablet from damage, and the sliding cover prevents scratches on the lens. In addition, it has a special holder for Apple Pencil, which allows you to charge it.

Comfortable typing

Carefully thought out design of the keyboard will allow you to enjoy unparalleled comfort during use. The keyboard guarantees perfect key bounce for fast and smooth typing. It works extremely quietly, so no annoying noise will prevent you from working. What's more, the keyboard will automatically go into standby mode if you don't use it for 10 minutes - just press any key to wake it up.

Smart touchpad

The keyboard also features a touchpad, which will increase your freedom, control and precision while working on the tablet. It has a touch sampling rate of 120 Hz and supports a range of gestures that will make it easier for you to perform tasks - using them you can, among other things, return to the home page, zoom in or switch between pages. You can also use the anti-mistouch feature, which will

turn off the panel while you type to avoid accidentally moving the cursor. Turn your iPad into a laptop with ease!

Tailored to fit your needs

The case has been designed to make, how to use it as comfortable as possible. A special stand provides reliable stability. You can also freely adjust the viewing angle from 0-180°, so you can perfectly adjust its position to what you are doing. It is also possible to detach the keyboard, which will further improve your comfort, for example, when reading e-books or sketching.

Built-in high-capacity battery

The product is equipped with a powerful battery with a capacity of 180 mAh. Thanks to this, you can use it for up to 55 days on a single charge, and what's more, in standby mode it can last up to 180 days! So you don't have to worry that the keyboard will discharge at the least opportune moment.

Even more possibilities

However, this is not all the possibilities of the Nillkin case! The case also has a sliding cap for the camera lens, which effectively protects it from damage, prevents it from getting dirty, and additionally protects your privacy. The case also has room for an Apple Pencil! The special holder is a perfect fit for the Apple Pencil, and it also allows charging - just place it in the holder, and charging will begin immediately.
