Earphones TWS Acefast T8, Bluetooth 5.3, IPX4 (Black)

TWS Acefast T8 headphones, Bluetooth 5.3, IPX4 (black)

Listen to your favorite tunes with the Acefast T8. The headphones will provide you with high-quality sound thanks to integrated speakers, and SVE technology, which uses artificial intelligence, will enable effective reduction of unnecessary noise so you can listen to a new album in peace. Bluetooth 5.3 technology will allow you to work wirelessly for up to 7 hours, and the built-in LED display will let you know the current battery status. What's more, the headphones are distinguished by their IPX4 water resistance rating.

Fantastic sound

The headphones are equipped with Dual-Motion speakers, so you'll be able to enjoy clear high notes, as well as deep bass in your beloved songs. What's more, thanks to the effective noise cancelling SVE technology, you can enjoy high-quality listening as well as noise-free phone calls, even on a crowded bus.

Efficient operation

The capacious battery will allow up to 7 hours of music listening or 4 hours of phone calls. The included headphone case allows wireless charging, allowing you to renew your headphones' energy reserves in no time. With just 10 minutes, you can listen to your favorite music for an additional 2 hours!

Bluetooth 5.3

Acefast T8 support Bluetooth 5.3 technology, so you'll enjoy the headphones' wireless operation and reliable stability with low power consumption. Moreover, Bluetooth 5.3 provides even faster data transmission, so you can freely watch a movie or play arcade games. Universal software will allow you to work with almost any device.

Clear display

The Acefast T8 wireless headphones feature a three-dimensional LED display that will let you know the status of the battery and emit a pleasant light while charging, so you can easily find your headphones even at night. Their modern design makes the T8 not only a practical device, but also a great looking accessory. Choose your favorite color and let yourself be surprised by good sound.
