

LDNIO HP04 wired earbuds, 3.5mm jack (black)

LDNIO HP04 wired earbuds, 3.5mm jack (black)

Ref: 6933138691779

LDNIO HP04 wired dock headphones, 3.5mm jack (black)

Listen to your favorite songs anywhere. LDNIO's in-ear headphones feature a composite diaphragm for superior sound quality. They also guarantee a noise-canceling function and HD microphone. Simple operation is provided by an integrated remote control. Thoughtful design makes their use extremely comfortable. The equipment is also distinguished by wide compatibility thanks to the 3.5mm connector.

Immerse yourself in music

Focus on your favorite songs and appreciate their beauty anew. LDNIO headphones are equipped with a composite diaphragm, so you'll enjoy crystal clear sound.

Nothing will disturb you

Enjoy music and podcasts anywhere. LDNIO headphones support noise cancellation, so unnecessary background noise won't interfere with your focus on the audio you're listening to.

Talk without interference

Stay in touch with your loved ones. LDNIO headphones are distinguished by an HD microphone that allows you to talk freely in almost

any conditions. Be assured that your caller will always hear you!

Have everything at your fingertips

You no longer need to reach for your smartphone to adjust the volume or change the song you're playing. LDNIO headphones have an integrated remote control for convenient operation.

Enjoy the convenience

When designing LDNIO headphones, the focus was on convenience. Thanks to the well-thought-out design, you can use the equipment for a long time without experiencing discomfort. What's more, the ear pads are made of soft and skin-friendly silicone material, which further enhances the comfort of use.
