Powered USB Hub Orico 10 in 1 USB 3.0

Orico Powered USB Hub 10in1

Choose a practical solution and use multiple devices at the same time. The Orico Hub 10in1 Adapter P10-U3-V1 opens up new possibilities for you without any disruption. The 10 USB 3.0 ports give you the opportunity to install the accessories you need at the moment, including phones, computer, hard drive or printer. It transfers data at an incredible speed of up to 5Gbps, that's up to 10 times faster than USB 2.0, so you can spend more time working. An adapter with inadequate power can damage the hard drive connected to it, so the P10-U3-V1 comes with a 12V3A power adapter to provide adequate power to all connected devices.

Security

No longer do you have to check every now and then if your device is definitely connected. The Orico Hub 10in1 adapter is equipped with LED indicators that allow you to monitor the status at any time. In addition, the safety systems used protect against overload and overvoltage, so you do not have to worry about losing important data stored on connected devices.

Compatibility

Connect any device to almost any system. The P10-U3-V1 adapter meets most required extensions. It supports Windows XP / Vista / 7 / 8 / 10, Mac OS and Linux. You can also easily connect hard drive, u-disk, card reader, phone, digital camera and many other devices. No plug and play driver required.

Functionality and design
Organizing your work can be easier than you think. Just have everything at hand. Forget about unplugging one device to plug in a new one and enjoy the convenience of the Orico P10-U3-V1 Adapter. All ten ports transfer data at speeds up to 5Gbps, so you don't have to constantly wait for all your data to load to get to work. The simple design with a sand finish means it will fit in any space, and the 4 pads on the bottom make it more stable.
