LDNIO LS661 30W Lightning Cable, 1m Red

Are you looking for a cable that will allow you to restore power to your phone in no time? The LDNIO LS661 cable will be an excellent choice. It allows you to charge your devices with a maximum power of up to 30 watts, and supports PD and QC 3.0 fast charging standards. With its help, you can easily charge your Apple-branded equipment, i.e. iPhone or iPad. Robust and durable materials were used in its construction, so you can be sure that the cable will serve you for a long time.

Fast charging

Forget about the long wait until your smartphone is ready for use again. The LDNIO LS661 cable offers charging with up to 30 watts of power. It also supports Power Delivery and Quick Charge 3.0 fast charging protocols. It only takes a moment to renew the energy in your phone or tablet.

Exceptional durability

The cable is made of high-quality materials that feature impressive durability and wear resistance. What's more, the nylon braid ensures that the cable will not get tangled. You also don't have to worry about the safety of your devices. The cable intelligently recognizes the connected equipment and automatically selects the appropriate charging parameters for it.
