

Smart Control Panel Avatto T6E Wi-Fi Ble Zigbee Tuya

Smart Control Panel Avatto T6E Wi-Fi Ble Zigbee Tuya

Ref: 6976037360117

Avatto T6E smart control panel ZigBee wall switch TUYA

Avatto T6E allows you to control smart switches, outlets, lighting, etc. It has a built-in Zigbee hub, and its operation is facilitated by apps: Smart Life and Tuya. What's more, an easy-to-read display provides access to information, and a built-in sensor adjusts its brightness. You can also synchronize the operation of the devices and grant access to other household members to control the equipment.

LCD display

The smart control panel is equipped with a 4-inch LCD display with a resolution of 480 x 480. This gives you clear and convenient access to information and settings. In addition, the product is equipped with a light and motion sensor. This means that the brightness of the screen is automatically adjusted depending on the lighting conditions in the room or when it detects motion within 20 meters.

Convenient operation

The Avatto T6E supports Bluetooth 4.2, Wi-Fi or Zigbee. It works with Tuya and Smart Life apps, which you download to your smartphone or tablet. With their help, you can control devices no matter where you are.

Additional amenities

The Avatto T6E smart control panel is equipped with a Zigbee module that allows you to pair more than 100 devices together. As a

result, you can connect multiple smart switches, outlets or sensors to create a home network. In addition, it is possible to grant access to the T6E to other household members, for even more convenient operation.
