

Wireless Bluetooth speaker LDNIO BTS15, 2000mAh, 2x 5W

Ref: 6933138690437

Wireless Bluetooth speaker LDNIO BTS15, 2000mAh, 2x 5W

LDNIO BTS15 Bluetooth Wireless Speaker, 2000mAh, 2x 5W

The LDNIO BTS15 wireless speaker connects to a compatible device via Bluetooth 5.0 and built-in ports. It provides up to about 12 h of operation and offers high quality sound. In addition, the buttons located at the top make it easy to operate. In addition, the speaker can act as a powerbank.

Long working time

The speaker is equipped with a rechargeable lithium-polymer battery, which provides up to 12 h of operation on a single charge. What's more, the LDNIO BTS15 will also serve as a powerbank, with which you will renew the energy of another device.

High quality sound

LDNIO BTS15 offers clear and bass-rich stereo sound, thanks to its dual drivers. What's more, it connects to your device via Bluetooth version 5.0. This translates into a fast and stable connection without interference.

Convenient operation

The wireless speaker is distinguished by its simple and intuitive operation. There are buttons on the top of the device with which you can adjust the volume, skip songs or turn the BTS15 on/off.

Several ways to connect

In addition to Bluetooth, the speaker can connect to a compatible device wired. It is equipped with micro USB, USB-C, line-in ports and an SD card slot. This will allow you to connect all sorts of devices to it, for even more freedom of use.
