LDNIO SCW1050 Wi-Fi Smart Socket EU/US (White)

LDNIO SCW1050 Wi-Fi smart outlet (white)
If you're looking for smart solutions for your home, the LDNIO SCW1050 Wi-Fi outlet is for you. It has been equipped with a number of features for easy use. These include a smart Wi-Fi function or a timer function that will prevent devices from overcharging. The LDNIO SCW1050 smart outlet is the perfect solution for modern homes.

Multifunctional home outlet
The LDNIO SCW1050 smart socket is a Wi-Fi enabled device that will make it easy to control your everyday appliances. You can connect to it a temperature sensor, a fan, a washing machine and much more. You will never overload your phone, thanks to the timer function. In addition, it also has a reminder option that will always tell you to turn off a particular appliance at the right time. In addition, it is a universal outlet, as you will plug in appliances with US, EU and UK plugs.

Safe use
Using the LDNIO SCW1050 Wi-Fi socket, you can rest assured about your safety. It is made of high-quality fireproof PC material. It is equipped with a sensor that will remind you when the temperature is too high in the connected devices. In addition, you will find a special safety device that protects you from inserting objects into it. Thanks to it, this socket protects you from electric shock.
