Power strip with organizer, 5x AC, 3x USB, LDNIO SN5309W, 25

Ref: 6933138700488

Power strip with organizer, 5x AC, 3x USB, LDNIO SN5309W, 2500 W (white).

Do you want your desk to finally have order with cables? Thanks to the LDNIO power strip with organizer this will be possible! It will help you manage your cables conveniently, and will also guarantee safe use thanks to its multi-layer protection. What's more, thanks to its long 2-meter cable, you can place it in a convenient place.

#### Convenient cable management

The LDNIO power strip will allow you to conveniently manage your EU-tipped cables. The power strip itself is L-shaped, so you can fit tangled cables inside the box, freeing your desk from them. In addition, it is equipped with 5 AC power outlets, a PD outlet, QC and AUTO-ID. This has made it a universal power strip, as you can connect many different devices to it.

#### Convenient to use

The SN5309W power strip is not only highly functional, but also comfortable to use. The L-shaped cutout on the side of the strip will make it even easier for you to manage your cables. In addition, the strip's power cord is as long as 2 meters, so you can place it anywhere you like. It has also been equipped with a convenient power button.

#### Fast charging

Want your appliances to be charged in no time? With the LDNIO power strip this is possible, as it has been equipped with 2 fast charging ports. What's more, it also has a 15-watt wireless charging capability, which means you no longer need to buy additional chargers to get your phone back up to speed. It will be suitable for all kinds of smartphones with PD / QC 3.0 / AUTO-ID inputs.

#### Security

The power strip with organizer is also a guarantee of safe use. It is made of the highest quality flame-resistant PC material, and in addition, its sockets are equipped with special protection to protect children from electric shock. It is also properly ventilated - there are vents on the bottom, which perfectly dissipate heat from inside the organizer. Thus you gain confidence that your equipment will not overheat and will always work properly.
