

## Bagless vacuum cleaner Midea C7 MBC1860WB

Ref: 6956079714536

Bagless vacuum cleaner Midea C7 MBC1860WB

Midea C7 MBC1860WB bagless vacuum cleaner

Make cleaning easy. Midea C7 bagless vacuum cleaner is extremely lightweight and comfortable to use - with its help you can easily take care of every nook and cranny. The device is distinguished by the power of 600W and is equipped with a HEPA filter, so it can perfectly cope with dirt. Its additional advantage is a large 3-liter dust container, the emptying of which is extremely easy and fast. You'll also find additional brushes included, which will allow you to thoroughly clean every corner.

Comfort of use

Say goodbye to impractical, heavy vacuum cleaners. The Midea C7 is surprisingly lightweight, and it's easy to carry with a practical handle. This makes it easy to carry it to the room of your choice, and stow it away when you're done cleaning. There's also a long, 5-meter long cord for your freedom of movement. Also noteworthy is the automatic cord retraction system. What's more, the dust tank of the device has a capacity of as much as 3l, and emptying it will not cause you any problem.

Deals with dirt

Dust, crumbs, hair and even hair entangled in the carpet - the C7 vacuum cleaner can easily deal with most dirt. The device is distinguished by a suction power of up to 130W, and you can easily adjust its operation according to your needs or the degree of dirt on the floor. The product is also equipped with a HEPA filter. This effectively eliminates even the finest dust particles!

#### Additional accessories included

Take care of every nook and cranny. The included accessories will help you do that! The crevice brush will allow you to vacuum the recesses of your armchairs or sofas, and the upholstery brush is perfect for cleaning your sofa, for example. In the package you will also find a round brush. What's more, thanks to a special handle, you can conveniently attach the accessories to the vacuum cleaner for easy storage. Now you always have them at your fingertips!

#### Even more conveniences

Despite its capabilities, the vacuum cleaner works surprisingly quietly. Its volume level is only about 68dB! You don't have to worry that the annoying noise will disturb your loved ones or startle your pet. What's more, the C7 model is equipped with a telescopic tube. An additional advantage of the device is a 1.5-meter hose, thanks to which you can easily reach even hard-to-reach places.
